Christmas Clubs Issue Checks For \$252,577

Andover's banks have issued more than a quarter of a million dollars in Christmas club checks to 3479 patrons of this form of saving.

Checks for a total amount of \$252,577 were placed in the mail last week and are now in the hands of the depositors. The Andover Savings bank sent out 2130 checks for \$146,171.50 and the Andover National bank issued checks for \$106,405.50 to 1349 accounts. Many of these Christmas club checks went to patrons in North Andover as well as Andover.

The number of people who use this type of savings to provide for their annual Christmas shopping is growing each year. The money, usually in checks for \$25, \$50, \$100 and other sums, is distributed in ample time for the depositors to start doing their Christmas shopping at an early date.

Much of these funds will be spent locally where Andover merchants with all kinds of new merchandise for Christmas shoppers are prepared to meet their requests for gifts suitable for all the family.

The group of Olympic boys will be headed by Bob Kiputh whose name is synonymous with swimming at Yale. He had an unbroken dual swim meet record of around 170 meets before losing.

The following members of the U. S. Olympic team will be present: Jim McLane, winner of three gold and one silver team Olympic medals and finalist in the 1500 and 400 meter; Wayne Moore, captain-elect of the Yale swimming team and finalist in the 400; Frank Chamberlain, member of world's (Continued on Page 18)

Urges Ike Take Relative Of G. I. On Korean Trip

An Andover resident has suggested in a telegram to President-elect Eisenhower that on his trip to Korea he take with him the wife of a combat soldier for a Thanksgiving reunion that would represent "the American spirit of Thanksgiving to the free world."

Frederick W. Bradley of Central Lane, a Boston business man, said the idea occurred to him after he learned that the general's visit would bring him together with his son, John, a major on duty in Korea.

In the telegram Bradley said: "Selection could be based on the longest length of service on the Korean field or by lot among those men in the front line who are so valiantly striving to uphold the principles on which we feel peace depends."

Bradley said his family has no relatives in Korea.

Veterans Honor Fallen Comrades

Armistice day was observed Tuesday with ceremonies conducted by the veterans organizations.

A delegation from Andover post 8, American Legion and its auxiliary took part in exercises at the veterans' lot in Spring Grove cemetery. At this service a volley was fired and wreaths placed on the markers. Cmdr. Robert Volker was in charge.

Two separate movies were shown at the Andover Playhouse for children who were guests of Andover post, 2128, V.F.W.

In the morning members of Andover council, 1078, K. of C. attended a memorial Mass in St. Augustine's church for departed members.

Defer Painting Town Infirmary

Bids for painting the town infirmary were opened at the selectmen's meeting Monday night but upon recommendation of the bidders the work was put off until spring. They pointed out that the lateness of the season and the expected winter weather would make this action desirable. New bids will be requested in spring.

The board granted a request of the Friendly Guild of the Union Congregational church in Ballardvale for the use of the community room Dec. 6.

Town Raises 95% Of Chest Quota

The Andover division of the Greater Lawrence community chest workers raised \$21,000 or 95% of the town's quota of \$22,212, it was announced at the report meeting held last Monday night.

Although the drive all through the area fell somewhat short of the \$209,615 set as the goal, officials have hope that more returns will keep coming in as a number of report cards are still outstanding.

The local drive was under the direction of Eugene A. Bernardin Jr., chairman. Dean K. Webster Jr., is president of the Greater Lawrence organization.

The sum raised here in this campaign is the largest amount ever raised in Andover for the community chest.

Display Art Work In Store Windows

The artists of Andover and North Andover have resumed this week, after three years, the pleasant custom of displaying their pictures and sculptures in the store windows of the business district. Shoppers may enjoy a wide range of styles in painting, from traditional to abstract, with each work of art, whether amateur or professional, showing the authentic stamp of individuality. The arrangements for Andover art week have been made by Mrs. G. C. Waterston.

The amateur exhibitors, many of them well-known citizens whose unpublishized artistic accomplishments are surprising observers, are Dean Walen, Mrs. William H. Brown, Mrs. Stephen Sorota, Mrs. Frances P. McClellan, Frank McLanathan, Mrs. Ethel Farrington, Raymond Coon, Mervin Stevens, Charles Gregory, Mrs. Joseph Dodge, Mrs. Viola Milliken, Mrs. Clarence Waugh, Mrs. Abbot Stevens, Mrs. Samuel Rogers, Mrs.

Halloween Parties Attract Throngs

Five successful community Halloween parties were enjoyed the night of All Hallows eve by close to 2000 youngsters and their parents. Chiefly through the entertainment offered by these parties vandalism such as that practiced a few years ago, was practically nil.

The Andover Recreation committee, under whose direction the events were held, wishes to thank the following for their cooperation: Andover Police Relief Assn., Andover Firemen's Relief Assn., Andover Service club, Andover Youth Center, Andover Boosters club, Andover Teachers Assn., Andover PTA Student Assn., Central Elementary PTA, American Legion post, Legion post auxiliary, Veterans of Foreign Wars, V.F.W. auxiliary, All Women's post, American Legion, Shawsheen PTA, St. Augustine's Catholic School Guild, Disabled American Veterans, the school department, Ballardvale PTA, West Center PTA, North District Improvement Assn., boy scouts, Andover auxiliary police, Miss Carmelina Cristaldi, Playdon Florists, all-girls' band, staffs of the school cafeteria and the Bolta Company.

Stafford A. Lindsay, chairman of the recreation committee, reported that expenses of the party were less than \$500. Various organizations contributed about \$230 and the balance of about the same amount would be paid from the recreation committee's appropriation.

First Snow Storm Arrives Early

The first snow storm of the season struck Andover Saturday afternoon with a cold northwest wind that tumbled temperatures to 32 degrees and for a time created a traffic hazard that slowed vehicles all through this area.

The heavy 15-minute squall of wet flakes stuck to windshields but melted as it struck roadways and sidewalks. Enough remained on lawns, trees and roof tops to serve as a reminder of winter, officially still more than five weeks away.

A second snow storm with dropping temperatures covered the town again with a light film of snow early Sunday afternoon, changing later to a light mist. This continued at intervals Sunday night and again Monday, bringing enough moisture to New England to relieve the immediate forest fire menace.

LEGION AUXILIARY

Andover unit, 8, American Legion auxiliary will hold a food sale in the Lawrence Gas & Electric Co. office Friday, Nov. 14. Mrs. Florence Cheney is chairman of the committee, assisted by Mrs. Mary Murray and Mrs. Ethel Buchanan. Members are asked to contribute to the sale.

Members who have not donated their dollar gifts for the Christmas shop are asked to do so right away.

On account of the Thanksgiving holiday the next meeting of the unit will be held Thursday, Nov. 20.

What Our Readers Say —

Objects To Fluoridation

Editor of The Townsman:

Dear Sir:

In The Townsman of Oct. 30 was the report of a meeting at which local dentists set forth their views endorsing water fluoridation. Their position was reported to be that "There is no valid objection to the water fluoridation program."

On the basis of statements by competent scientists, I should like to say that there are several objections to the program.

In answer to the first point in The Townsman article, that "Fluoridation compares favorably with such great public health measures as pasteurization, chlorination and immunization," a report of the Select Committee to Investigate the Use of Chemicals in Foods and Cosmetics issued July 10, 1952, states: "There is no real similarity between the chlorination of water and the fluoridation of water. Chlorine is added to drinking water to destroy harmful bacteria in the water, whereas fluorides are added for the purpose of effecting a physiological change in the body."

The same would apply in the case of pasteurization. The report states that whereas vaccination is designed to prevent contagious disease which might endanger a community, dental decay is not in this category. Moreover, fluoridated water must be drunk without the personal medical supervision which accompanies vaccination.

With regard to the second point, that "fluoridation has been in operation long enough to prove its simplicity in operation and to show the dental benefits to be obtained," there are several objections.

Howard V. Smith, associate agricultural chemist, University of Arizona testified before the same congressional committee on Feb. 26, 1952: "As codiscoverer of the role which fluorine plays in dental fluorosis...I have reason to say that there are many variables in this problem, and until more is known about them I am opposed to the fluoridation of water supplies." He recommended topical application of fluorides directly to the teeth, on a voluntary basis.

Several cities or towns, such as Mount Dora, Fla., Syracuse, N.Y. and Peoria, Ill., have already rejected fluoridation proposals. Studies are now under way in various cities which have tried the

method — but according to the congressional report none of these pilot experiments has been completed, nor will be for several years. Furthermore no study has been made of the effect of fluoridated water on adults or the aged who may be suffering from chronic diseases or impaired kidney function.

With regard to the third point, that numerous medical, dental and public health groups have endorsed the plan in principle, A. L. Miller of Nebraska, a member of the house committee says: "In my opinion the United States public health service...have gone beyond the scope of their duties, or what is expected of them by congress and the people, in urging communities to adopt the universal fluoridation of water without knowing the results of experiments that are now in progress." He also finds that the American Medical association appears to have objections.

The major objections to the use of fluorides in public drinking supplies come from men of science acquainted with the extremely toxic qualities of fluorine and its salts. Fluorides are dangerous poisons, chief ingredient in rat poisons and roach powders.

The danger of excessive fluoridation is brought out in the journal of the A.M.A. "Mottling of the teeth will probably occur when the concentration of sodium fluoride is 2 to 5 parts per million." Although public water supplies could be treated with less than this amount, fluorides ingested in other ways might bring concentrations higher according to chemists like Howard V. Smith.

Sincerely,

Russell H. Lord Jr.

Wedding...

DZIURA — PETEROF

At a 12 o'clock ceremony in the Polish Immaculate Conception church, Lawrence, Sunday Nov. 9, Miss Julia Peterof, daughter of Mrs. Caroline Peterof, 105 Chandler rd., became the bride of Walter H. Dziura, 10 Roosevelt place, Lowell, son of Mrs. Blanche Dziura. The Rev. Thomas Kolowski officiated. Mrs. Irene Czarneski rendered the "Ave Maria" and "Mother at thy feet in Kneeling".

Escorted to the altar by her brother Frank Peterof Jr., the bride chose a gown of white satin fashioned with a sweetheart neckline and bodice of imported French lace and double tiered skirt of over satin. Her fingertip veil of illusion was attached to a crown of seeded pearls and she carried a cross of white roses centered with orchids.

Mrs. Alice Rosmus of Andover was matron of honor for her sister and the bridesmaids were Mrs. Marcelle Peterof of Andover, sister-in-law of the bride, and Miss Irene Dziura of Lowell, sister of the bridegroom. All wore ballerina length gowns of velvet, the matron of honor in cerise carrying a cascade arrangement of large talisman chrysanthemums and the bridesmaids in deep purple carrying yellow chrysanthemums and red roses. The flower girl, Miss Jane Leczekski of Lowell wore cerise velvet.

Thaddeus Dziura of Lowell served as best man and the ushers were Frank Peterof Jr., of Andover and Walter Pelczar of Lowell.

A reception at the Polish National home in Lawrence followed the ceremony with guests present from Lowell, Boston, Cambridge, Adams, Salem, Fitchburg, Chicopee.

Following a wedding trip to New York and Washington, D.C., the couple will reside at 105 Chandler rd.

The bride attended the Andover public schools and Punchard high school. The bridegroom graduated from Lowell high school and served three and a half years with the navy in both the Mediterranean and Pacific.

The Revolution

"It's a revolution!" exclaimed one excited observer following the returns late Tuesday night as reports continued to pile up showing the voters of the nation were electing Dwight D. Eisenhower President of the United States.

And that just about sums it up. It was a revolt of the American people against waste, corruption, communism and an ineffective foreign policy. The largest outpouring of voters in our history made it emphatic that they want new leadership in both domestic and foreign affairs as world events are pointing to a crisis which threatens our Western civilization.

We have a new leader and a courageous one to guide America through one of the most momentous periods in history.

Paying Dividends

The series of Hallowe'en parties held here each year are paying dividends.

Vandalism such as that practiced only a few years ago is practically unknown. Police no longer have a long list of property damage to report the day after.

The idea of providing wholesome entertainment for youngsters on the night of Hallowe'en has a two-fold purpose; the older ones have their own age-level program to keep them occupied while the younger ones are being brought up without knowing anything about the disturbing and destructive pranks of years ago. All have a lot of fun without getting into mischief.

As conducted this year under the Andover Recreation committee the five parties cost about \$450 for prizes and refreshments. Various civic organizations contributed \$230 of that amount and the rest will be paid from the recreation committee's appropriation.

Close to 2000 youngsters attended the parties at a cost to the taxpayers of little more than 10 cents for each child, a small price to pay considering the damage done years ago. It is no wonder that police and property owners are happy about the whole thing.

VITAMIN REQUIREMENTS

The "minimum daily requirement" is the least amount of a vitamin necessary to prevent demonstrable nutritional deficiency. On the other hand, the "recommended daily allowance" represents the ideal average daily amount that will help insure good bodily health.

In most instances, therefore, the "recommended daily allowance" is a larger amount than the "minimum daily requirement."

It is a wise procedure to plan your daily intake on the basis of the "recommended daily allowance."

The Boston and Northern street railway is doing an interesting piece of work on Lowell street, Lawrence, in improving its tracks. It is welding the rails together by means of electricity. This makes the rail continuous and does away with the fish plate connections besides getting rid of the jounce at the end of every rail.

Andover won 29-17 victory over Exeter on P.A. campus in one of the best football games ever played between the two famous rivals. Nearly 10,000 gathered about the gridiron. Exeter had big advantage in weight, but Andover showed more speed and better generalship. Quarterback Dillon of P.A. contributed much toward the victory by his choice of plays. Fullback Bullock made sensational gains by hurdling. Both were taken out in the second half as they had been pretty well used up.

P.A. students celebrate enthusiastically. They paraded the streets, gave Vice President Stearns a great ovation and had a big bonfire on the campus.

The remodelled town house will be opened Nov. 24 with a reception followed by a dramatic entertainment and dance.

UNUSUAL REQUEST

I took my small son to the grocery store the other day and as usual he wanted to buy everything in sight.

He said: "Mamma, let's buy some bird seed."

I could understand his requests for candy bars and jelly and cookies, but this had me stumped.

"What in the world do you want with bird seed?" I asked.

"Want to plant it," was the reply.

"But what for?" I persisted.

"So we can grow some birds."

claim to the title. Methuen has considerable offensive power and with Punchard playing in its usual form a high scoring game may result.

Punchard did not play last Saturday and should be in good condition for the game. Methuen took a 32-12 licking from Swamscott last Saturday but in the coming clash is expected to be ready to give a good account of itself. The game will start at 2 p.m.

Communion Sunday Planned By C.D.A.

Communion Sunday will be held by Court St. Monica, CDA, Sunday, Nov. 16 when members will attend communion in a body at the 8 o'clock Mass in St. Augustine's church.

A dinner will be served at 6 p.m. in the school hall. Miss Frances McAvoy is chairman and Mrs. Frances Keaney co-chairman. Other members of the committee are Mrs. Monica Coleman, Miss Anna M. Greeley, Mrs. Marguerite Thomas, Mrs. Marguerite Greenwood and Mrs. Meta Easton.

Miss Retelle Wins Follies Queen Title

Miss Marjorie Retelle, head cheer leader at Punchard high school, won the title of "Follies Queen" in the contest held in connection with the presentation of the "Follies of '52" musical revue at the Warner theatre Friday night.

Daughter of Mr. and Mrs. Albert J. Retelle of River rd., the 17-year old senior was crowned queen in the presence of the large audience that witnessed the performance staged under the supervision of the Lawrence General Hospital Aid Assn. She was also presented with \$50 in cash and several other prizes.

The contest was held among the head cheer leaders of the Greater Lawrence high schools at a penny a vote. Miss Retelle had 24,694 points; Miss Louise Darveau of Lawrence high was second with 22,884; Miss Joan Seglin of Methuen third with 19,696, and Miss Patricia Driscoll of North Andover fourth with 11,033. Together the girls collected \$783.07 for the hos-

pital. The show was presented by a large cast of Greater Lawrence talent and included a lively program of songs, dances and novelty entertainment.

Local Boys With Warrior Five

Two Andover players have been named by Coach Lawrence J. Cicero to the 1952-1953 Merrimack college basketball team. The Blue and Gold will enter its fourth season with a 23-22 varsity record.

Larry Marocco, 23 Corbett st. and Ronald N. Mullick of Cullen rd., are the local players on the Warrior team.

Marocco ranks in the third slot now for rebounding work behind Frank and Bill Countie and will be a key cog in the Warriors' hopes this year. It will be the "Rocky" third season of play for Merrimack.

Mullick is a transfer student from Lebanon Valley college, Annville, Pa. He resided in Natick, N.J. before moving to Andover.

A.P.C. SORORITY

Alpha Phi Chi sorority will meet at 8 o'clock tonight in the South church vestry. Dr. George A. Dawson of Methuen and Lawrence will be the speaker. Mrs. Walter Pike is chairman of the refreshment committee. She will be assisted by Mrs. John Leitch, Mrs. Byron Clark, Mrs. Charles Gaunt and Mrs. Joseph Wright.

Q—I am a World War I veteran who is entitled to compensation for a service connected disability. I have now gone blind. Although this disability is not service connected, am I entitled to some help from the Veterans Administration?

A—You certainly are. The VA will provide you with such aids as approved mechanical and electronic equipment as well as seeing eye or guide dogs. The VA will also pay the expense of training you to use the dog and for the dog's medical attention.

Q—I lost one of my legs in the service during World War II and the VA paid \$1,600 toward the car I bought when I got out. I'd like to trade my car now for a new one. Am I entitled to another \$1,600?

A—No. The law provides but one grant for each eligible veteran.
